

## Steve Noble

### Subject Matter Expert

Steve Noble is a senior project specialist at Public Consulting Group (PCG) in the Public Safety Consulting Services team. In this role, he focuses on projects related to fire and emergency medical services (EMS) such as feasibility studies, operational analyses, combined services reviews, and program evaluations.

 <https://www.linkedin.com/in/steven-noble-b2685545/>

### Expertise

- Fire and EMS operations, planning, and training
- Special operations management and response
- Administration, operations, planning, and logistics
- Protocol development and performance improvement
- Compliance and professional standards

### Experience

Steve Noble joined PCG in January 2024, following over 30 years of emergency service industry experience, including 26 years in a suburban fire/EMS department and four years in hurricane response, COVID-19, and Office of Refugee Resettlement (ORR) operations. Steve served as a deputy chief overseeing operations, special operations, and health and safety for his department. His background in operations, incident command, administration, and training has assisted departments throughout the country. Steve has also instructed special operations—including hazardous materials, terrorism response, and technical rescue—internationally working with the Philippine National Police, Morocco's Royal Police Institute, and Libyan Special Forces. In 2013, he founded Noble Safety Training LLC, which develops and conducts tailored safety training.

### Certifications

- Advanced Incident Command 400/300
- Blue Card Incident Command Instructor
- Weapons of Mass Destruction Specialist (radiation, chemical, biological, explosives)
- Certified infectious control officer
- Certified health and safety officer
- Certified incident safety officer
- Certified technical rescue technician
- Certified hazardous materials technician
- Global Anti-Terrorism Assistance (GATA) Instructor – US Department of State
- Certified Live Fire Instructor – International Society of Fire Service Instructors

### Education

Steve earned a bachelor's degree in fire science from Columbia Southern University. He also has two associate degrees in fire science and general studies from Pima Community College.
